## Followed Friend's Advice

After trying Fruitoin and Traxo, Mrs. L. C. Clark, 930 Melba St., Dallas, Texas, wrote to the Plaine Laboratories as follows:

"I have been a sufferer from Gall-stones, and Fruitoin and Traxo were recommended and I am glad to say I took advantage of your most wonderful medicine, with wonderful results."

Fruitoin and Traxo are two remedies that are used in combination. Fruitoin acts on the intestinal organs as a powerful laxative, softening the congested waste and breaking up the hardened particles so that easy elimination follows quickly. The great relief of the patient. Traxo is a compound of special soluble properties of special value in stimulating and restoring the system that has been weakened by constant suffering.

The Plaine Laboratories have many letters on file testifying to the merit of Fruitoin and Traxo. Letters from people who have used the remedy and know how from actual experience what it has done for them. For the convenience of the public, arrangements have been made to supply Fruitoin and Traxo through leading drug stores. In Anderson they can be obtained at Evans' Pharmacy, three floors.

NORTH CAROLINA MAN  
MAKES SLIDING CHAIR

Mebane, N. C., Sept. 24.—E. T. Carr, manager of the hosiery mill, has just perfected a sliding chair for the use of operatives at the machines in the mill. The chair gives perfect freedom of movement to the occupant and saves one from the necessity of standing on the feet all day. Several of these are to be installed in the different plants of the Durham hosiery mills, and it is satisfactory, every machine operative in this string of mills is to be furnished a chair. Mr. Carr claims that the chair will pay for itself in a comparatively short time by saving the mills the usual loss of time due largely to the fact that now the operatives, being on their feet while working, break down sooner and must stay out of the mill for rest often than would be the case if they could sit down while running the machines.

TO PLACE LIMESTONE  
UNDER NEW CONTROL

Spartanburg, Sept. 23.—Limestone College, at Gaffney, will shortly be placed under the control of a self-perpetuating board of trustees, similar to the methods of management adopted by Converse college and other colleges of high standing in this section. This agreement was reached Wednesday at the annual meeting of the North Spartanburg Baptist association, held with the Mountain View church. The college has heretofore been owned and controlled by the Spartan and North Spartanburg Baptist associations.  
The sessions of the North Spartanburg Baptist association have been interesting and educational through the two days sessions already held. The meetings arranged for today mark the close of the session. Many of the leading members of the Baptist congregations of the district are in attendance.

**Chicago College Opens.**  
Columbia, S. C., Sept. 24.—Chicago college for women and Columbia college were opened this morning with exceptionally large enrollments. The Columbia assembly has begun its session for the year with an attendance of more than 40 students. President W. S. Carroll of the University of South Carolina said today that more than 400 young men had registered for the first term.

"Where are you telephoning from, dear?"  
"From my office, do you?"  
"No, you are not. I can tell the difference between the click of a typewriter and the click of post bells." Louisville Courier-Journal.

**To the Public.**  
I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude. writes Mrs. T. N. Withersall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick. One to an attack of summer complaint. After taking a dose of it I had not time to wait for relief as it brought me almost immediately." For sale by all dealers.

INTERNATIONAL  
SUNDAY SCHOOL  
LESSON

By O. E. BELLING, Acting Director of the Sunday School Course of the Moody Bible Institute.

## LESSON FOR SEPTEMBER 26

## OBEDIENCE AND KINGSHIP (REVIEW).

LESSON TEXT—Psalm 72.  
GOLDEN TEXT—The king shall joy in thy strength, O Lord; and in thy salvation how greatly shall he rejoice. Ps. 72:1.

The subject assigned for this review lesson is aptly chosen, for the kingliest quality or virtue passed by any king is to be obedient. The servant who truly serves is obedient. The motto of the king of England is "Ich dien"—I serve.

Gen. R. E. Lee once said that for him the greatest word in the English language is the word "obey." We read of our master that he "learned obedience by the things he suffered" (Heb. 5:8) and he taught that "If ye love me, keep (obey) my commandments" (John 14:15).

The lessons for the past quarter cover an approximate period of about 125 years beginning probably B. C. 1024 (Beecher). In them there are presented nine rulers: David, Solomon, Rehoboam, Jeroboam, Aza, Ahab and Jezebel from within, and two from without Israel; the Queen of Sheba and Ben-hadad, king of Syria. There are also five prophets mentioned, Nathan, Ahiah, Azariah, Obed and Elijah. It might be well for teachers to distribute blank pieces of paper and ask the scholars to write a brief outline of the outstanding facts regarding these rulers, also of Nathan and Elijah, though the last will more properly come later as there are yet several lessons about that great prophet. These kings can be classified as good and bad, though the greatest of them all (David) suffered a most terrible fall. From these lessons the great facts of sin, grace, prayer, the word of God, faith, salvation and unbelief are all to be emphasized.

For the older classes a most interesting study can be made of the development of God's people materially and the religious development also, as well as a study of the causes for the division of the kingdom.

The tendency in both kingdoms was downward towards the destruction of the northern one and the captivity and impoverishment of the southern.

A good method of review would be to take up each of the different characters and give a summary of his life and of its effect upon the nation. It will be profitable to answer such questions as: What do the events of the past quarter teach us about the character of God? What great teachings have we had previously on the subject of prayer? What peculiar manifestations have been seen in the development of sin? In this quarter's lessons what emphasis has been made relative to the word of God? What moral duties and obligations have been emphasized? If a good crayon artist is available prepare on the blackboard 12 circles, five above, five below, and one at each end of a rectangle. In this last place the Golden Text for the day and in each of the circles, beginning in the upper left hand corner, either a sketch or some other suggestion of each of the several lessons.

Another suggestion for use upon the blackboard would be to draw two panels or columns on either end of the board and connect the tops by an arch. Divide the arch into five divisions and in the top, the keystone of the arch, place the name of good King Aza, to the left Abimelech and Adonijah, and to the right Elijah and Ahab. On the left panel write "The Word of God" and on its capstone "David." On the right panel write "Obedience" and on the capstone "Solomon." Then underneath the arch and between the panels first the names of the remaining chief characters belonging to Israel, and below, but separate, those from without whose names have been considered during the past quarter. This arrangement of names might be so made as to call attention to the separated kingdoms of Israel and Judah, using the arch for the names of the characters affecting the kingdom before its division.

Again the board may be ruled into two columns, one to contain the names of the "alter persons," and the other the "chief facts." Divided according to lessons they will be about as follows: Chief persons 1, David, Josiah, Abimelech, Abimelech, Rehoboam, Aza, Ahab, Jezebel, Nathan, Ahiah, Azariah, Obed, and prophets of Zeai; 11, Elijah and God; 12, Ben-hadad, Ahab, young men.

Chief Facts—1, failure; 2, anointing; 3, choice; 4, prayer; 5, wisdom; 6, division; 7, sin; 8, reformation; 9, providence; 10, testing; 11, discouragement; 12, defeat. Thus by careful and prayerful preparation a review of each lesson can briefly but profitably be presented.

The material for a successful review along any of the lines suggested will demand careful preparation on the part of the teacher, but will be well worth while in fixing the chief facts in the pupils' mind while it also will test the sort of work the teacher has been doing.

## French Squirting Liquid Gas Into German Trenches

No. 1—Gas Leaving Nozzle. No. 2—Gas Spreading on Ground.

Here is the French liquid gas with which the army hopes to meet the deadly chlorine invented by the Germans earlier in the year. The French government will not permit information about their use of this new gas to leak out, and it is not known if it has actually been used in the trenches. The gas is shot from a nozzle as is shown in the upper photograph, and then in black clouds it comes to earth and drifts along with the wind, stifling every living thing within its range.

## One Day's Claims

ON one day, August 10, 1915 the Mutual Benefit Life Insurance Company paid claims under five policies, every one of which illustrates the uncertainty of individual life and the ever-present need for protection.

(1) Claim under policy on the life of Mr. Everett A. Cunningham, of Owensboro, Ky., issued March 25, 1913, for \$1,000, on the 20-Payment Life plan, at age 19. Clerk with a hardware company. Mother beneficiary. He died suddenly at age 21, on August 3, 1915, as a result of ptomaine poisoning. Check was mailed to the mother August 10th.

(2) Claim under policy on the life of Mr. John C. Moore, of Bardonia, Ky., issued December 10, 1914, for \$1,000, on the 20-Payment Life Accelerative Endowment plan, at age 20. Worked in his father's office. Accidentally drowned while swimming July 16th. Age at death 21. Claim paid August 10th.

(3) Claim under policy on the life of Mr. John M. Clardy, of Church Hill, Ky., issued November 11, 1914, for \$2,500, on the 15-Payment Life Accelerative Endowment plan at age 22. Occupation, farmer. Accidentally killed July 22, 1915, by traction engine used on farm.

(4) Claim under policy on the life of Mr. Howard F. Ellis, of Appalachia, Va., issued January 15, 1915, for \$1,000, on the 20-Payment Life plan, at age 23. Quarterly premium prepaid. Wife beneficiary. Occupation, railroad clerk. Accidentally killed June 26, 1915, by train.

(5) This was the most remarkable case of any. Insured, Mr. Claude Westfall, of Clarksburg, W. Va., signed an application for Mutual Benefit insurance on July 17, 1915, and paid the first quarterly premium of \$6.10 to the agent, taking in exchange therefor the Company's binding receipt. He made an appointment for examination the following day, but his wife, for whose benefit the insurance was taken, tried to dissuade him from doing so. The agent, however, finally prevailed upon him to be examined and on July 22nd examination was made. It proved favorable in every respect. The application, which was for a Life Accelerative Endowment policy, \$1,000, at age 31, was received at the Home Office July 26th. In accordance with the Company's usual custom in such cases, however, an inspection was called for which was received August 2nd. This being favorable, the application was approved by the Medical Board and passed on to the Policy Department. Policy was issued and mailed on August 3, 1915.

In the meantime, on July 30th, Mr. Westfall was taken sick and his trouble was diagnosed as acute peritonitis. On August 3rd he died. It will be noted that this was the same day that his policy was mailed from Newark, but the first premium having been prepaid the insurance was in force, although the policy itself was never delivered to the insured. The proceeds were paid to his wife on August 10th. Prepayment of the quarterly premium saved this insurance.
